## The Evolution of Jazz Language

Live at the club

This workshop (in English) is likewise for jazz enthusiasts and interested audience as for musicians also with classical background who want to experience the important rules and secrets of jazz.

Dado Moroni (piano) guides you musically through the whole jazz history. This pianist is able to interpret all stiles of all epochs of jazz music perfectly and authentically! The workshop will show and illustrate the evolution of the art form called jazz from its roots to the present times with a focus on the history of the Rhythm Section as well.

The musicians Dado Moroni (piano), Peter Washington (bass) and Enzo Zirilli (drums) will analyze the rhythmic, harmonic and melodic changes, which advanced since the early jazz till Bebop and beyond. They will further demonstrate how this art form continued to develop to the contemporary aspects of jazz music today.
